

**Memorandum of Agreement
between
Society of American Military Engineers
and
APPA**

The terms and conditions outlined in this Memorandum of Agreement will guide the Society of American Military Engineers (SAME) and APPA (Leadership in Educational Facilities). Its execution recognizes the intent of the two Associations to form a strategic alliance to facilitate collaboration and information sharing, to provide professional development for SAME members involved in the architecture, engineering and construction services to the field of Academia, Department of Defense and other federal, state and local public agencies.

Areas of Mutual Support

- **Visibility.** SAME and APPA agree to announce the partnership through member/media channels and via respective websites. SAME and APPA agree to consider opportunities for participation at specific events and groups not limited to the following:
 - SAME Transition Workshop: APPA may provide some programming and access to institutions seeking employees.
 - SAME-IFMA Facilities Management Workshop: APPA may collaborate on programming with SAME Education & Program team.
 - SAME Credentialing Committee and other initiatives involving credentialing of veterans.
- **Chapter Collaboration.** SAME Posts and APPA Chapters are encouraged to collaborate and foster relationships and mentoring by having joint meetings and hosting education sessions for members of both associations. SAME agrees to share information on APPA Facilities Drive-In Workshops with local Posts as potential educational opportunities.

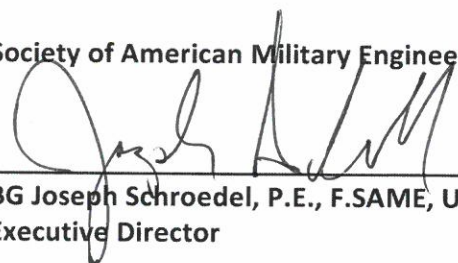

Term of Memorandum of Agreement. SAME and APPA both agree that this agreement shall continue until either party, with 90 days written notice, elects to end the agreement. SAME and APPA both agree to meet annually to have a face to face review of agreement and to discuss future collaboration strategies.
