PROJECT MANAGEMENT PROFESSIONAL

INDUSTRY - GOVERNMENT - MILITARY

EXECUTIVE DIRECTOR (21+YRS): Executive level leadership directing business and engineering focus. Engages resource sponsors and leads cross-agency coordination.

PROGRAM MANAGER (16-20 YRS): As an expert project manager, you have demonstrated prowess at the technical level and are sought after for leading a scope of projects in a concentrated location. You will lead multiple Project Managers and focus on both pre- and post-award projects.

SENIOR PROJECT MANAGER (11-20 YRS): Responsible for overseeing planning and implementation of an entire project through budgeting, hiring, sourcing suppliers, and planning project release. Duties include setting deadlines, providing feedback, and communicating with clients.

PROJECT MANAGER (4-10 YRS):
Perform in a multitude of industries. Work closely with upper management and project team members to establish project needs, deadlines, and budgets. Requires a bachelor's degree and Project Management Professional (PMP) certification is sought after.

ASSISTANT PROJECT MANAGER (1-3 YRS):
Provide necessary support to lead Project Managers within an organization. Oversee project goals, reporting requirements, and analyze data and metrics. Usually requires a bachelor's degree or associate's degree in the desired industry. Should strive to earn certification for Certified Associate in Project Management (CAPM).

PROJECT COORDINATOR (0-1 YRS):
A project coordinator works administrative tasks for the project manager and team members to keep the project running smoothly. Carries out the necessary daily tasks to keep a project on track. Requires at least a high school diploma and sometimes a bachelor's degree.
