

— OUR FOUNDATION —

is rooted in our heritage.

OUR FOUNDATION

will help lead us

*into the future.*

In December 2014, the SAME Board of Direction approved a motion to establish a National Foundation that would build upon the success of the Education & Mentoring Fund and enable a broad range of individuals and organizations who desire to leave a legacy in support of military engineering and our nation's future.

***The SAME Foundation is now a reality.***

The SAME Foundation will serve to give back by paying it forward—to afford opportunities for Society members and for America's youth; to enable professional development and to support personal growth; and to provide a means to recognize the passing of members through acts of memorial while helping Posts and partner organizations to inspire, develop and mentor the next-generation of STEM professionals and leaders.

***America's future is bright. Let's help make it brighter.***
